PROFESSIONAL PROFILE

Creative strategist with four years co-running a content and paid-social business for subscription and lifestyle creator accounts. I plan angles and hooks, brief creators and editors, test variants on Meta and TikTok and use the results to decide what to make next. My workflow is AI-first: Claude for research, scripts and copy variants, Higgsfield and ComfyUI for video, plus a publishing tool I built in Cursor. Budgets $5–8k/month, ROAS 2.5–4.0x, team of 8–12 creators.

WORK EXPERIENCE

Co-founder · Creative & Performance Marketing

2022–2026

Digital Content Innovations LLC · Remote · subscription and lifestyle creator accounts

- **Hook testing:** cut Meta CPA from ~$48 to ~$22 (~54% lower) in 6 weeks by moving hooks from lifestyle scenes to product demo on a subscription account
- **Creative testing roadmap:** wrote hypotheses, tested hook and format variants in Meta Ads Manager and TikTok Ads, then scaled winners and cut losers by hook type
- **Performance:** managed Meta/TikTok budgets of $5–8k/month at ROAS 2.5–4.0x, using CPA and ROAS by creative to plan the next round of iterations
- **Briefs and production:** took ideas from concept to brief to TikTok/Reels publication; hired, onboarded and briefed a team of 8–12 creators
- **Short-form reach:** ~1M organic views in one month across up to 3 accounts; grew a lifestyle creator account from 0 to 5k followers in about a month
